Get a head start on writing those college essays! Work with experienced Westlake teachers to understand how to approach the essay prompts, brainstorm ideas, and draft, revise and polish your writing. Most students will complete at least one college essay over the course of the week and leave with a clear direction on future college essays. Teachers will work with students individually and in small groups. The ratio of students will be 10-12 per teacher to ensure frequent, individual writing conferences. Follow-up assistance is available.
